FOREWORD

Dear Colleagues,

The Bayer Group of Companies in India has a tradition of conducting business based on high values, principles and beliefs. Our commitment is towards reaching the goals with utmost respect for human values and to serve the interests of Bayer with integrity. Good Corporate Governance entails that the interest of the employees, the shareholders and the society in general be protected at all times. The management realises that this is possible only if there exists an open and transparent culture wherein the concerns of the employees at all levels can be raised and expressed without fear of retribution. To achieve this objective, it is felt necessary to define a specific policy which will enable the employees to report their concerns, which would be looked into and if found to be appropriate will be fully investigated and acted upon.

The objective of the enclosed Policy is to explain and encourage the employees to raise any concern about Bayer's operations and working environment, including possible breaches of Bayer's policies and standards or values or any laws within the country or elsewhere, without fear of adverse managerial action being taken against such employees. Such concerns will always be treated fairly and the concerned employee will be suitably protected.

Should you require any clarification, you may kindly contact General Counsel - Legal & Secretarial, Bayer Group of Companies in India or General Manager – Internal Audit, Bayer CropScience Limited.

Stephan Gerlich
Chairman & Managing Director

WHAT IS WHISTLE BLOWER?

Whistle Blower is an act whereby any employee of Bayer MaterialScience Private Limited comes to a decision to express a concern over which he has genuine doubt and which is raised in good faith.

AIM OF THE WHISTLE BLOWER POLICY

The Policy aims at:

- Encouraging the employees to feel confident in raising serious concerns.
- Providing ways for the employees to raise their concerns and get feedback on the concerns raised by them.

Any employee of Bayer MaterialScience Private Limited who raises in good faith a concern on the type of incidences as described above, including but not limited to compensation or terms and conditions of employment, will be protected from threat of retribution, victimisation, discharge or discrimination, including unjustified transfer.

DELIBERATE FALSE REPORTING

If an employee raises any concern in good faith that he/she believes to be true, but which upon investigation proves to be unfounded, no action will be taken against such an employee. If, however, the investigation reveals that the employee has made a deliberately false allegation with the intention of discrediting a fellow employee, he/she will be investigated to determine whether disciplinary action should be taken against him/her. Such disciplinary action could (among other things) also result in termination of employment.

If the disclosure by the employee reveals that the employee himself is involved in the malpractice, the company will, when deciding on measures to be taken, make due account of the employee's contribution to the disclosure, in particular if the disclosure has contributed to mitigating damages to the company.

HOW SHOULD THE EMPLOYEE RAISE THE CONCERN
